AI ELEVATE

Why 80% See No Impact from AI

(McKinsey, 2024)

- ❌ Generic prompts = generic results
- ❌ Learn the framework Fortune 500s use
- ❌ Copy-paste templates that don't work
- ❌ Build custom prompts for YOUR business
- ❌ One-off AI experiments
- ❌ Repeatable workflows that scale

But here's who this ISN'T for... →

AI ELEVATE

Is This Training Right for You?

PERFECT FOR:

- Business analysts seeking AI leverage
- Developers building AI workflows
- Project managers coordinating adoption
- AI champions driving transformation

NOT FOR:

- Data scientists (too basic)
- Companies not ready for change

Here's what 97% of courses get wrong →

AI ELEVATE

The 4 Skills That Separate Experts

from Everyone Else

- Structured Prompting Frameworks (A-C-E & ReAct methodologies)
- Prompt Optimization & Testing (Iterative refinement strategies)
- Enterprise AI Workflow Design (Copilots, chains, and automation)
- Responsible AI Practices (Guardrails, ethics, and compliance)

The format that makes this stick →

AI ELEVATE

3 Hours That Feel Like 40

- In-company delivery
- Hands-on sessions (not lectures)
- Customizable to your industry

MODULE BREAKDOWN:

1. Intro to Generative AI (30 min)
2. Prompt Design & Iteration (1 hr)
3. Use Cases & Labs (90 min)
4. Team Prompt Challenge (30 min)

The results speak for themselves →
